

RWHA: Hog Lease/Loan Certificate

The following information must be completed by the **owner of the animal** being leased/loaned and given to the person receiving the animal before any offspring of the animals can be registered. This certificate must be submitted along with the proper registration forms to Mountain Niche for any registering offspring produced of leased animals.

Please select one of the following options below that applies to the lease/loan:

If the boar is being leased/loaned to an individual for the purpose of breeding for potential registered offspring, check leased/loaned boar.

If a sow/gilt is being leased/loaned to an individual either bred or for the purpose of breeding for potential registered offspring, check leased/loaned sow/gilt.

***The owner of the sow/gilt will be listed as the breeder of the registerable offspring since the animal is only for leased/loaned purposes.*
